Monthly Condo Fees

Condo fees are between at \$485-660/month. These fees include property management and exterior maintenance, reserve fund contributions, annual audit, and studies.

Taxes

Average property tax is between \$4,800-\$7,300 per year.

HST Calculation

New residential homes are subject to the addition of HST. If you intend to make RiversEdge your principle residence, the HST rebate has been deducted from your purchase price. If you are buying your condo as an investment or secondary home, the HST rebate will not apply and there will be an additional amount due on your purchase.

Upgrade Fees

All upgrades or changes will be tracked and signed off during the selection process. Since we are offering upgraded finishes initially, additional upgrades are a matter of taste.
